ABOUT FATIMA COLLEGE

Fatima College (Autonomous), Mary Land, Madurai, is a Postgraduate College for women affiliated to Madurai Kamaraj University. It is a Catholic Minority Institution established in 1953 and run by St. Joseph's Society of Madurai (of the Congregation of the sisters of St. Joseph of Lyon, France). This institution came into existence through the tireless efforts of the missionary sisters of St. Joseph of Lyon and the zeal and heroic sacrifice of Rev. Sr. Rose Benedicta, the Foundress of the College. The College now offers 22 Undergraduate Programmes, 15 Postgraduate Programmes and 3 Professional Programmes (UG-1; PG-2). 7 Departments have become Research Centres. It is re-accredited with 'A++' Grade by NAAC (Cycle-IV) and 100th rank in India Ranking 2025 (NIRF).

ABOUT THE DEPARTMENT

The AICTE approved professional programme MCA (Masters in Computer Applications) was started in the year 1994. The programme covers the technical as well as the managerial aspect of computer applications including 6 months industrial training. By means of CBCS, students are encouraged to earn credits based on their selection of courses even beyond their curriculum. NPTEL/ SWAYAM/MICROSOFT CERTIFICATIONS are also provided to earn extra credits. Specialization Electives based on three latest domains such as Artificial Intelligence & Machine Learning / Data Analytics/ Distributed System Security are provided to help students specialize on their interested domain.

ABOUT THE SEMINAR

The International Seminar on “Smart AI Empowering Sustainable Societies” aims to highlight the growing impact of artificial intelligence in shaping a sustainable future. The seminar provides a common platform for academicians, researchers, industry experts, and students to discuss innovative AI applications that support environmental protection, social well-being, smart governance, and sustainable economic growth. Through expert talks and interactive discussions, the seminar seeks to encourage ethical, human-centric, and interdisciplinary approaches to using AI for long-term societal development.

The objective of the seminar is to examine how Smart Artificial Intelligence can empower sustainable, inclusive, and resilient societies by addressing key social, environmental, and economic challenges, while fostering professional dialogue and knowledge sharing on ethical, responsible, and innovative AI solutions that support long-term sustainable development.
